

FORWARD

Taking Action by grade 4G - "Be the change you want to see"

We must all truly 'be the change we wish to see in the world' in the words of Mahatma Gandhi. 'Everything is possible' the mantra of the great leader, humanitarian and visionary of The Emirate of Dubai and Vice President of the United Arab Emirates, H.R.H. Sheikh Mohammed bin Rashid Al Maktoum. This is a mantra proven on countless occasions.

During our 5th unit of inquiry, some of grade 4G students did research on the plight of laborers in Dubai. They conducted a research on labour camps in Sonapur and Al Quoz only to learn that they rarely enjoy buying proper food to meet their needs nutritionally. Their daily food intake consists of a few onions, chilies, spices and tomatoes cooked in a stew with some pitta bread. The children of grade 4G felt that they were blessed with a lot and wanted to share some of their blessings with the laborers. So the children started a food collection drive and collected 22 cartons of food from the entire primary school which consisted of non-perishable food such as rice, wheat, oil, canned food, sugar and lentils. On 26th May, the children gave away the food collected to the supervisor of the laborers which was further distributed equally to all labourers.

Thank you parents and students for all your support and contributions for the Laborers. Your support has been most valuable and we wouldn't have reached as far as we have without you. Also thank you to all the staff for spreading the word. We hope that the students and parents of RWA will continue with the good work in the future too.

Arjumand Khalil Ahmed Patne
Grade 4 Class Teacher

News from the Events Corner

Dear parents and students,

The year has flown by and summer is now upon us. Before you take off to faraway lands I would like to thank you all for your support and participation in the many school wide and group wide events that took place. During the course of the year we had around 23 group wide events where RWA was either attending as a participant or as a host. In addition, we also organized 11 school wide events where we had the chance to bring our Primary and Secondary schools closer together. As we look ahead, we hope to build on the further cemented ties with our sister schools at Innoventures Education and we also hope to make our school wide events bigger and better. I post some important dates for our After School and Events Calendar in 2016/17. Please use them as reference if your child is returning to RWA next year.

Safe travels!

Colin Scicluna
ASA and Events Coordinator

After School Activities 2016-2017

Changes/ Events/ Cancellations/Dates	Date/time	ASA's Involved	Reason
ASA teacher ASA blurbs due online	August 25, 2016	All teacher led ASA's
